ASERCOM Energy Efficiency Award 2010 **10.000 Euro for the top concept for energy efficiency improvement**

As a member of ASERCOM, Emerson Climate Technologies supports the ASERCOM Energy Efficiency Award.

The € 10.000 award is granted for the most innovative energy saving concept or system in refrigeration/air conditioning, including heat pumps. An international panel of technical experts will evaluate the applications. Applications must present a new concept which is technically feasible and economically viable.

Details on registration and participation under

<http://www.asercom.org>

Application deadline: July 31st, 2010.

###
